- Provide Foreign Currency Disbursement Expenses after equity sold

Once you sell, the received amount in \$ needs to be disbursed to Indian Rs.

- In each disbursement request the broker will charge something(~25\$).
- The bank will take its commission while converting the \$ to Rs.
These 2 we can consider for expenses from your gains or loss.
- Most banks consider nearly Rs1.5/\$ for commission.
I used the same amount for your G/L calculations.
- Disbursement Expense:

You need to provide details in answer to question like:

- Provide input in below format:
yyyy-mm-dd format : Fee amount in \$
- If you have many requests in FY, provide all of them separated by comma(.). Examples:

12) Assets Fixed

This section is for Business people, Provide inputs for assets used for your business.

These are used for depreciation calculations.

A. Asset Classification & Depreciation Rates

Block	Asset Type	Rate	Examples
1	Residential Buildings	5%	Staff quarters, temporary sheds
2	Commercial Buildings	10%	Offices, factories, hospitals
3	Furniture & Fixtures	10%	Chairs, tables, partitions
4	General Plant & Machinery	15%	Printers, non-specialty computers
5	Special Vehicles/Equipment	30%	Taxis, solar panels, windmills
6	Books & Software	40%	Professional libraries, licensed software
7	Temporary Structures	60%	Construction site cabins
8	Energy-Saving Devices	100%	Biogas plants, solar water heaters
9	Intangible Assets	25%	Patents, trademarks, franchises

B. How to Input Asset Details

Format: `name:date(yyyy-mm-dd):buy/sell:price:remainingLife`

Examples:

1. **New Purchase:** `OfficePrinter:2024-04-01:buy:25000:5`
2. **Sold Asset:** `DeliveryVan:2024-03-15:sell:150000:2`
3. **Legacy Assets** (if not filed previously): `prev_ConferenceTable:2022-07-10:buy:32000:6`

Field Guide:

- **Name:** Descriptive ID (e.g., `Server_Rack_1`)
- **Date:** Transaction date
- **Type:** `buy` (purchase) or `sell` (disposal)
- **Price:** Purchase cost/sale value
- **Remaining Life:** Years until scrap (from purchase date)

C. Upload Asset Bills *(Recommended)*

File Requirements:

Item	Specification	Example Filename
Format	PDF only	<code>Asset_Server2024.pdf</code>
Content	Clear vendor details, date, amount	<code>Asset_SolarPanels_Invoice.pdf</code>
Naming	Must include:	<code>Asset_Laptop.pdf</code>
	- <code>Asset</code> keyword	
	- Asset type (e.g., <code>Printer</code>)	

Best Practices:

- ✓ Merge quarterly invoices into single PDF
- ✓ Include purchase order & payment proof
- ✗ Avoid:

- Photos of receipts (use scanned copies)
- Generic names like Bill001.pdf

D. Special Cases

1. Sold Asset Blocks:

- Enter all assets sold as:

Asset1:2024-01-20:sell:50000:0,Asset2:2024-02-15:sell:30000:0

2. Partially Depreciated Assets:

- Calculate remaining life:

Original Life (e.g., 10y) - Years Used (e.g., 4y) = 6y

E. Compliance Notes

⚠ Critical Rules:

- Claim 100% depreciation only for **Block 8** (energy-saving devices)
- **Intangible assets:** Software must be licensed (not open-source)
- **Vehicle depreciation:** Personal use vehicles not eligible

Example Scenario:

- Purchased ₹2,00,000 solar panels (Block 8) → 100% deduction
- Sold ₹50,000 printer (Block 4) after 3 years (original life: 5y) → Enter:
OfficePrinter:2024-03-10:sell:50000:2

13) Current Assets - Bank & Broker Accounts

This section is for Business people (*For business cash flow reporting in ITR filings*)

A. Cash Balance Reporting

1. Bank Accounts:

- Enter **total closing balance** across all business accounts as of 31st March
- *Alternative:* Leave blank if uploading full FY statements

2. Broker Accounts:

- Provide unused cash balance if:
 - Broker's Tax P&L doesn't include ledger statement
 - You have uninvested funds at FY-end

Example:

- Bank balance: ₹2,50,000 → Enter 250000
- Broker balance: ₹75,000 → Enter 75000

B. Document Upload Guidelines

1. Bank Statements:

Requirement	Specification	Example Filename
Content	Full FY transactions (Apr-Mar)	PAN_accstatement_HDFC_FY24.pdf
Format	PDF (bank-generated)	accstatement_SBI_Q1-Q4.pdf
Naming	Must include:	XYZDE1234F_interestcert_ICICI.pdf
		accstatement/ interestcert
	- Bank name (e.g., Axis)	

2. Interest Certificates:

Should show:

- Account number
- FY interest earned
- TDS deducted (if any)

Best Practices:

- ✓ Combine quarterly statements into single PDF
- ✓ Highlight interest entries if separate from main statement

X Avoid:

- Screenshots of mobile banking apps
- Partial period statements

C. Compliance Notes

⚠ Critical Rules:

1. Business Accounts Only:

- Personal account balances **cannot** be mixed

2. Broker Funds:

- Only report cash, not securities valuation

3. Interest Income:

- Must match 26AS/TIS for TDS verification

Penalty Risk:

- Discrepancies between reported balances and statements may trigger scrutiny

14) Business Stocks Details

This section is for Business people *for inventory reporting in ITR filings*

A. Stock Reporting Requirements

Valuation Type		What to Include	Reporting Format
Opening (1-Apr)	Stock	- Physical inventory - Open trading positions (F&O) - Raw materials	₹_____ (skip if using last year's closing)
Closing (31-Mar)	Stock	- Year-end inventory - Pending trade positions - Work-in-progress	₹_____
Delisted/Scrapped		- Shares of delisted companies - Damaged/obsolete inventory	₹_____ (original cost)

Key Rules:

1. Consistent Valuation Method:

- Use **cost price** OR **market price** (whichever is lower)
- Method must match previous years

2. Position Valuation:

- Derivatives: Mark-to-market value
- Equity: Closing price on 31-Mar

B. How to Calculate Values

1. Physical Inventory:

- Conduct stock count as of 31-Mar
- Value at: (Quantity × Unit Cost)

2. Open Positions:

- Equity Stocks: (Shares Held × Closing Price)
- F&O Contracts: (MTM Value from Broker Statement)

3. Delisted Shares:

- Report original purchase price
- Attach delisting notification (if available)

C. Special Cases

1. First-Year Filers:

- Opening stock = Capital introduced for inventory

2. Manufacturers:

- Include WIP: (Material + Labor + Overhead Costs)

3. Traders:

- Commodity/currency positions must be converted to INR

D. Compliance Notes

⚠ Audit Triggers:

- Discrepancies > 10% between book vs. reported values
- Missing position valuations

Example Scenario:

- Opening (1-Apr-2023): ₹5,20,000
- Closing (31-Mar-2024): ₹6,75,000
- Delisted Shares: ₹25,000
- Enter:
 - Opening: 520000

Upload Guidelines:

- ✓ **Format:** PDF only
- ✓ **Naming:** Include: Document type (e.g., Capital, Loan)

⚠ **Exclusions:**

- Personal loans taken
- Family gifts/transfers

D. Compliance Notes

1. **Capital Changes:**

- Major increases may require source explanation (e.g., Sale of Assets)

2. **Drawings Limit:**

- Excessive withdrawals without tax payment may attract scrutiny

3. **Interest Income:**

- Taxable if exceeds ₹50,000/year (TDS applicable)

Example Scenario:

- Capital Added: ₹2,00,000
- Drawings: ₹80,000 (school fees + car purchase)
- Loan Repaid: ₹1,50,000
- Enter:
